 Our nursery theme next week is: **Easter**  
 Our nursery French topic next week is: **Birds**  
 Pre-School's phonic letter this week was: **P**  
 next week is: **N**

**babies & teenies** have been creating brightly coloured birds using paint and different textured sponges. They have also practised climbing under, over and through things.

**toddlers** thoroughly enjoyed their trip to the Sports Den this week and have been creating birds with feathers and owls using pencil shavings. They have also been learning their numbers in French outdoors and indoors.

## all inclusive activities

On Monday 15<sup>th</sup> April we have exclusive use of the **Sports Den** for our Pre-School children.

Please remember, Friday 19<sup>th</sup> April and Monday 22<sup>nd</sup> April are bank holidays, so the nursery will be closed. Also, if your child attends Term Time only sessions our Easter holidays run from Monday 8<sup>th</sup> April to Friday 19<sup>th</sup> April.

**pre-school** children are enjoying "Food & Nutrition Club" so much that they have been acting as Amanda, Maz & Emma in their role play in the home corner. Some of the children have even been moving furniture to clean behind it as that's what they've been taught by Amanda. We would love to hear if you observe cleaning at home!!

The children have been learning about the life cycle of chicks and cutting and sticking these in the correct order. They have also made Glitter Peacocks – using paper plates, tissue paper, crayons and glitter.

The bird feeders were made out of lard and seeds and placed in the garden as the children watched pigeons come and eat from them.
